1. Do you have a valid visa? Yes No, I will need to apply for one.

2. Have you ever been arrested in the United States?

Yes No

If yes, please schedule an appointment with Kelly or Deja before making any travel plans!

3. Are you pursuing a graduate degree that could be considered sensitive to the security of the United States (biochemistry, electrical engineering, cell and molecular biology etc?)?

Yes No

If yes, please be aware that there could be significant delays if you will be applying for a visa. This has been a significant problem with students from China. If you have questions, please make an appointment with Kelly or Deja!

4. Are you currently on OPT? Yes No

If yes, make sure you take documentation to prove you are employed. Leaving the U.S. without proof of employment is risky due to the new interim final rule requiring employment.

I have read the travel information on the opposite side of this form and, if I plan to renew my visa, I have also reviewed the additional information available on the website:

PLEASE NOTE: Graduate Students, you should notify BOTH your PI and your department when you plan to leave the U.S., especially if you are currently a TA or GSR or plan to be one in the near future.

We will email your UCR webmail address when your 1-20/DS20-19 has been signed. You can then pick up your 1-20/DS20-19 at the front desk of the IEC.
